

## **Climate Change Legislation being considered in Washington will cause huge economic pain and produce little environmental gain**

Legislation approved by the House of Representatives will cost 2 million American jobs, raise gasoline and diesel prices up to \$4 per gallon, make American businesses less able to compete globally, and reduce America's energy security.

**Join us for cold beverages, good music, buffet lunch or light snacks and voice your disapproval.**

### **Energy Citizens Rally For Jobs and Affordable Energy**

**Location:** The Westin Richmond, 6631 West Broad Street

**Date:** Thursday, September 3, 2009

**Time:** 11:30am-1:00pm

**Emcee:** Former WWBT-12 anchor/reporter Mark Hubbard

**The U.S. Senate will soon take up climate/energy/tax legislation.**

**Let our U.S. Senators know they need to “get it right” and not make the same mistakes as the House.**

Energy Citizens are people from all walks of life—workers in industry, truckers, farmers, homemakers, small business owners—whose daily lives and ability to carry on business depend on affordable energy and a healthy economic environment that secures today's jobs and provides employment opportunities for a growing population.
